

Summit Public Schools
Summit, New Jersey
ESL Novice
Length of Course: One academic year
Curriculum

Course Description:

English as a Second Language Novice is for students who have a basic understanding of English. Students will learn about the English language as an art form and as a tool to communicate using appropriate English conventions. Students will enhance English skills in all four domains: reading, listening, speaking and writing. Students will strengthen critical thinking skills as well as how to apply those skills for success in the classroom and beyond. Each unit includes both authentic and adapted materials and resources. Students will also produce work based on these models while conforming to both ELA Common Core and WIDA Language Development Standards.
