

# Stokes

**Save The Date!**

Dear Fifth Grade Parents,

STOKES, our annual fall camping weekend for sixth graders, is already being planned! Participating sixth graders will attend one of two sessions: from Friday, September 24 to Saturday, September 25 or from Saturday, September 25 to Sunday, September 26, 2021, at Fairview Lake YMCA Camp in Stillwater, New Jersey.

This outdoor education experience is designed to help students from our five elementary schools get to know, understand, and appreciate one another. It also provides rising middle school students, under the guidance of teachers, volunteers, and high school student counselors, a chance to share and to problem-solve together in an informal environment.

In the coming weeks, you will receive a packet with further information about our trip, including which session your student is scheduled to attend. This packet will also include the paperwork to sign your student up for our trip. Please read this packet carefully, complete all of the necessary paperwork, and submit it according to the deadlines that will be provided.

Sincerely,

Mr. Warren Wannamaker & Mr. Colin Breivogel
